Buys the Material for This Home

BUILD TO STAY — QUALITY ECONOMY SERVICE — **THE HARRIS WAY**

THE HARRIS WAY includes all that is practical and desirable in modern building methods, in addition to many original and exclusive features. The excellence of our materials *Sensibly Cut-to-Fit;* the completeness and correctness of our plans and specifications; the Harris Service and Harris Economy;—they all make the HARRIS WAY the most perfect modern building method.

Sensibly Cut-to-Fit is the keystone in the Harris Way. It means simplicity with Quality, Economy and Service. To most men building operations are a puzzle, but the Harris Way is acknowledged by builders everywhere to be the most helpful and efficient building system.

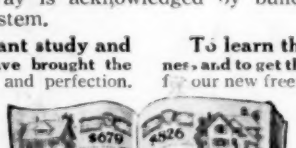
In a quarter century of constant study and practical building experience we have brought the Harris Way to its present efficiency and perfection.

To learn the interesting history of our business, and to get the details of our building methods, send for our new free Plan Book of Harris Homes, No. EV-7.

No Money Down

We ship your material in one quick shipment from our Chicago factory. You have the privilege of inspecting every piece before you accept it.

For our liberal terms and absolute binding guarantees get our new free Plan Book "Harris Homes, Number EV-7.



Free Book of Harris Homes

Before building you should see our latest designs of new standard American homes. There are over one hundred of them in this free book and in addition you will find much valuable information for every builder. Send the coupon below today for your free copy of Plan Book EV-7. If interested in building materials ask for our other free catalogs mentioned in the coupon.

The House Above

is Harris Home Design No. 161. Five rooms and bath, etc. 25 ft. by 35 ft. A thoroughly modern American Home in every respect. We furnish clear and knotless lumber in all exposed places, clear millwork, beautiful hardware and all material in harmony with the design.

Harris Brothers Co. 35TH & Iron Sts. Chicago, Ill.
